

## Vertical Files Individuals

**SCOPE:** Information about individuals in the arts -- with an emphasis on local contemporary artists, but including artists of all periods as well as art historians, educators including UMCP art faculty, curators and collectors.

**MATERIAL TYPES:** Exhibition catalogs (with fewer than 30 pages), news releases, announcements, notices, posters and biographical material.

**FILE ORGANIZATION:** Alphabetical by last name, either in an individual file or within the appropriate cumulative file at the beginning of each alphabetical group.

(NOTE: Cumulative files, labeled for example A-AK, which precede INDIVIDUAL files within each alphabetical group, contain materials about INDIVIDUALS that are too few in number to warrant their own file. If an INDIVIDUAL file is not found, check the appropriate cumulative file by first letter of last name.)

**LOCATION:** Cabinets 8-13.
