## PACITA ABAD

Imagine returning home to find a package, wrapped in beautiful paper, waiting by your door. You open the box expectantly and discover enchanting treasures inside: a gift expressly for you. Experience the same delight with the intricate work of Pacita Abad. Inspired by the ornately painted doors she encountered while travelling through the fascinating country of Yemen, Pacita has brought us the jewels of her journey. See how she unites deep colors, raw shapes and dark outlines. Notice the circles, squares, hearts — familiar forms, which become magical elements in her compositions. Through these rich, layered works, Pacita shares her vision of the exotic world she came to know. Accept the gift of these exquisite prints and let them bring splendor to any room of your home.
